

ADVISORY COMMITTEE ON NOVEL FOODS AND PROCESSES

ACNFP ANNUAL REPORT 2004

Issue

1. The Committee issues an annual report outlining the work it has carried out in the proceeding year. A draft of the 2004 report is attached for comment (Annex 1).

Background

2. The format of the annual report and production timetable is similar to that of previous years. The report is due to be issued at the end of April. In order to meet this deadline the document will need to be sent to the publishers on 25 February 2005.
3. The body of the report essentially reflects the minutes of the meetings in 2004, and the appendices provide background material and copies of formal opinions. If Members are content, it is proposed that the report be cleared by Chairman's action. If any substantial points are raised, a redraft will be circulated to Members for comment.

Committee Action

3. Members are requested to provide substantive comments at the meeting, and any minor drafting points direct to the Secretariat by 13 February at the latest.
