

ADVISORY COMMITTEE ON NOVEL FOODS AND PROCESSES

ACNFP ANNUAL REPORT 2005

Issue

1. The Committee issues an annual report outlining the work it has carried out in the preceding year. A draft of the 2005 report is attached for comment (Annex 1).

Background

2. The format of the annual report and production timetable is similar to that of previous years. The report is due to be issued at the end of April. In order to meet this deadline the document will need to be sent to the publishers on 24 February 2006.
3. The body of the report essentially reflects the minutes of the meetings in 2005, and the appendices provide background material and copies of formal opinions. The report is therefore a compilation of information that has already been published in a less permanent form, i.e. via the Internet. If Members are content, it is proposed that the report be cleared by Chairman's action. If any substantial points are raised, a redraft will be circulated to Members for comment.

Committee Action

3. Members are requested to provide substantive comments at the meeting, and any minor drafting points direct to the Secretariat by 12 February at the latest.
