

FP7 Information Day

“Food, Agriculture and Fisheries, and Biotechnology” and “Environment (including climate change)” Themes

**Royal Pharmaceutical Society of Great Britain
1 Lambeth High Street
London
SE1 7JN**

Friday 16th July 2010

The meeting will feature presentations from the European Commission’s DG Research on the “Food, Agriculture and Fisheries, and Biotechnology” (FAFB) and “Environment (including climate change)” (ENV) themes, and include information on the forthcoming 2011 work programme calls. Information will also be presented on other FP7 and European Research Area (ERA) activities including the “Ideas” and “People” Programmes, Joint Programming, Finance and the National Contact Point service. The event will also provide an opportunity to network with others interested in EU research. See draft programme overleaf.

There is no charge for this event and a buffet lunch will be provided.

To attend please complete the **REGISTRATION FORM** and return to the contact point below (email, fax or post). Spaces are limited so please return your registration form as soon as possible or by **2 July 2010**.
