

IMPORTANT SAFETY NOTICE PRODUCT RECALL

Bovril Beef Extract

Routine internal quality checks have identified traces of Salmonella in a small number of packs of Bovril Beef Extract. Our investigations have identified a specific production period during which affected product may have been produced.

As a precautionary measure we are recalling all packs produced during this period, which can be identified by Best Before End Date and Batch Codes. This information can be found on the **back** label of glass jars or on the **base** of plastic tubs.

The products being recalled are:

	Best Before End	Batch Codes
Bovril Beef Extract 250g glass jar	JAN10	L8201XX795
		L8206XX795
		L8207XX795
		L8208XX795
Bovril Beef Extract 600g plastic tub	JAN 2010	L8207XX795

Should you have any of the affected product which matches these codes or if you require further assistance or information, please contact our Consumer Careline on the following freephone number to obtain a refund. Your statutory rights are not affected.

Careline Freephone Number: 0800 146 252

Please do not consume the product or return it to us by post. We would prefer that you do not return it to your retailer, but dispose of it with your usual refuse.

No other pack sizes or codes, or other Bovril or Unilever products are affected and may continue to be enjoyed at their usual high quality.

We apologise for any inconvenience caused and would like to thank all our consumers in advance for their understanding and co-operation in this matter.
