

## NOTICE TO CUSTOMERS APRICOT EXTRA JAM

We are currently withdrawing our Forest Products and Cherry Tree Apricot Extra Jam from Sale. A minute quantity of Sulphite preservative is present in the Apricot ingredient used in our Apricot Extra Jam. On very rare occasions Sulphite, or Sulphur Dioxide, can cause an allergic reaction, and should therefore be declared on product labels, in order to alert customers who are sensitive to this ingredient.

Please find below the affected batch codes and best before dates

8018CJ	JAN 2011	Apricot Jam	340g	Forest	516
8018CK	JAN 2011	Apricot Jam	340g	Forest	518
8053CF	FEB 2011	Apricot Jam	340g	Cherry Tree	559
8155CE	JUN 2011	Apricot Jam	340g	Forest	522
8155CD	JUN 2011	Apricot Jam	340g	Forest	528

8248CD	SEP 2011	Apricot Jam	340g	Cherry Tree	456
8018CI	JAN 2011	Apricot Jam	340g	Forest	492

Unfortunately this was omitted when the labels were designed, and so the declaration was not present on product sold earlier this year. The omission has now been corrected.

We can confirm that none of our other products are affected and apologise for any inconvenience, and ask that you speak to a member of staff if you have bought this product from us and feel you are directly affected in any way.

Date of Notice: 8<sup>th</sup> October 2008
