

# Yekta Foods recalls Kambiz Iranian Sauce because of undeclared milk

Yekta Foods is recalling Kambiz Iranian Sauce because the label does not mention that the ingredient dried whey is a product derived from milk. This means the product is a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

## Product details

### Kambiz Iranian Sauce

<b>Pack size</b>	680g
<b>Batch code</b>	210-04-01-913
<b>Best before</b>	end: June 2023
<b>Allergens</b>	Milk

## Risk statement

**Allergen(s):** Milk

This product contains dried whey a product derived from milk, making it a possible health risk for anyone with an allergy or intolerance to milk or milk constituents.

## Action taken by the company

Yekta Foods is recalling the above product from customers and has been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

## Our advice to consumers

If you have bought the above product and have an allergy or intolerance to milk or milk constituents, do not eat it. Instead return it to the store from where it was bought for a full refund.

## **About allergy alerts**

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
