

# Consultation on developing a modernised food hygiene delivery model in Northern Ireland

Statws: Wedi dod i ben

Dyddiad lansio: 3 Ebrill 2023

Dyddiad cau: 30 Mehefin 2023

## Crynodeb o ymatebion

[Summary of stakeholder responses: Consultation on developing a modernised food hygiene delivery model in Northern Ireland](#)

## This consultation will be of most interest to:

- Competent Authorities - District Councils (DCs)
- food businesses and industry trade bodies
- third-party assurance organisations for food safety
- Professional awarding bodies for environmental health and trading standards professionals
- Trade Unions and expert groups may also have an interest.

## Consultation subject

In September 2022 the Food Standards Agency Board endorsed the [headline policy and principles to evaluate success](#) for a modernised FHDM. We are now seeking stakeholders' views on the following proposed developments:

- a modernised food hygiene intervention rating scheme
- an updated risk-based approach to the timescales for initial official controls of new food establishments, and for undertaking due official controls
- increased flexibility as to the methods and techniques of official controls that can be used to risk rate an establishment, including the appropriate use of remote assessment
- extending the activities that officers, such as Regulatory Support Officers, who do not hold a 'suitable qualification' for food hygiene can, if competent, undertake.

## Purpose of the consultation

To seek stakeholders' views on proposed developments for a modernised FHDM.

The proposed developments are subject to separate consultations in England and Wales.

## Consultation pack
