Consultation subject

[This report](#) assesses whether the objectives of the [Food Safety \(Sampling and Qualifications\) \(England\) 2013 \(“2013 S&Q Regs”\)](#) continue to be met and whether the requirements of the regulations remain relevant. It also explores whether there have been any unintended effects resulting from the implementation of the 2013 S&Q Regs since the [2018 PIR](#). We welcome stakeholder’s views on this report.

Purpose of the consultation

As part of the Government’s commitment to review provisions in secondary legislation that regulate businesses, the 2013 S&Q Regs require the Food Standards Agency (FSA) to undertake a review of the Regulations in England and set out the conclusions in a report within five years of the measure coming into force and every five years subsequently.
