

Delibo Wine Agencies recalls Bibo Runge Deserteur De-alcoholised Riesling Wine because of undeclared sulphites

Delibo Wine Agencies is recalling Bibo Runge Deserteur De-alcoholised Riesling Wine because it contains sulphites which are not mentioned on the label. This means the product is a possible health risk for anyone with a sensitivity to sulphur dioxide and/or sulphites.

Product details

Bibo Runge Deserteur De-alcoholised Riesling Wine

Pack size	750ml bottles
Batch code	L1223
Best before	10 August 2024

Risk statement

Allergen(s): Sulphites

This product contains sulphites, making it a possible health risk for anyone with a sensitivity to sulphur dioxide and/or sulphites.

Action taken by the company

Delibo Wine Agencies is recalling the above product from customers and has been advised to contact the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. This notice explains to customers why the product is being recalled and tells them what to do if they have bought the product. Please see the attached notice.

Our advice to consumers

If you have bought the above product and have a sensitivity to sulphur dioxide and/or sulphites, do not drink it. Instead, return it to the store from where it was bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the

product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
