

FHRS Audit Technical report 2022: Weighting

Weights were applied to the data to make it representative of the target population within each country. The weights were informed by the profile of the underlying population of businesses in terms of sector and FHRS. Data on the underlying population was sourced from FSA's FHRS database and is presented in Tables 5.1-5.2. [\(footnote 1\)](#)

Table 5.1 Profile of the underlying business population by sector and FHRS rating within country by sector
