

# Moonshine's Products Ltd recalls several products because of concerns over food safety

Moonshine's Products Ltd are recalling several products because of temperature control breaches, microbiological contamination risks and other potential food safety risks as a result of unsafe production procedures, which make these products unsafe to eat and means they could potentially cause serious illness or death if consumed.

## Our advice to consumers

If you have bought any of the above products do not eat them. Instead, please take a photograph of the product and email Moonshine's Products Ltd [moonshinesproducts@gmail.com](mailto:moonshinesproducts@gmail.com) for a refund and handle the bottles with care to safely dispose of the products at home. If you have any questions or concerns, please email [moonshinesproducts@gmail.com](mailto:moonshinesproducts@gmail.com)

## About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
