## **Our advice to consumers**

If you have bought the above products, do not eat them. Instead, return them to the store from where they were bought for a full refund. If you would like any further information, please contact the relevant brands customer service lines listed on the recall notices.

## **About product recalls and withdrawals**

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
