## **Risk statement**

The possible presence of listeria in the products listed above.

Symptoms caused by this organism can be similar to flu and include high temperature, muscle ache or pain, chills, feeling or being sick and diarrhoea. However, in rare cases, the infection can be more severe, causing serious complications, such as meningitis.

Some people are more vulnerable to listeria infections, including older people, pregnant women and their unborn babies, babies less than one month old and people with weakened immune systems.

## **Action taken by the company**

The Real Wrap Company is recalling the above products. Point of sale notices will be displayed in all retail stores that are selling these products. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the products. Please see the attached notice.

[View Customer notice: The Real Wrap Company recalls ready-to-eat products because of possible contamination with \*Listeria monocytogenes\* as pdf\(Open in a new window\)](#) (111.32 KB)

## **Our advice to consumers**

If you have bought any of the above products from health care settings, do not eat it. Instead, return it to where it was bought for a refund. For further information, please contact the Real Wrap Company at [enquiries@realwrap.co.uk](mailto:enquiries@realwrap.co.uk).

## **About product recalls and withdrawals**

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
