

# Marks & Spencer is recalling M&S Chocolate Cornflake Mini Bites because of undeclared allergens

Marks & Spencer is recalling M&S Chocolate Cornflake Mini Bites because they contain hazelnuts (nuts), oats (gluten) and wheat (gluten), which are not mentioned on the label. This means the product is a possible health risk for anyone with an allergy to hazelnuts (nuts) and/or for anyone with coeliac disease and/or an allergy or intolerance to oats, wheat or gluten.

## Product details

| Best before | 06 August 2024 |

## Risk statement

**Allergen(s):** Hazelnuts (nuts), oats (gluten) and wheat (gluten)

This product contains hazelnuts (nuts), oats (gluten) and wheat (gluten) making it a possible health risk for anyone with an allergy to hazelnuts (nuts) and/or for anyone with coeliac disease and/or an allergy or intolerance to oats, wheat or gluten.

## Action taken by the company

Marks & Spencer is recalling the above product from customers and they have contacted the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a recall notice to its customers. These notices explain to customers why the product is being recalled and tells them what to do if they have bought the product. Please see the attached notice.

## Our advice to consumers

If you have bought the above product and have an allergy to hazelnuts (nuts) and/or an allergy or intolerance to oats, wheat or gluten, do not eat it. Instead return it to the store from where it was bought for a full refund. For more information, contact Marks & Spencer on 03330148555.

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
