

# Update 4 - FGS Ingredients Ltd recalls a number of products containing mustard because they may be contaminated with peanut

FGS Ingredients Ltd is taking the precautionary step of recalling a number of spice products that contain mustard, because they may contain peanuts which are not mentioned on the label. This means the products are a possible health risk for anyone with an allergy to peanuts. This Allergy Alert should be read in conjunction with FSA-AA-42-2024 (Update 12). Update 4 - This recall has been extended to include additional products which have been identified with an asterisk by \*\*

## Risk statement

**Allergen(s):** Peanuts

These products may contain peanuts making them a possible health risk for anyone with an allergy to peanuts.

## Action taken by the company

FGS Ingredients Ltd is taking the precautionary step of recalling the above products and have been advised to contact the relevant allergy support organisations, which will tell their members about the recall. These products are sold under several different brand names at several different retail stores. Point of sale notices will be displayed where the products were sold. These notices explain to customers why the products are being recalled and tell them what to do if they have bought the products.

## Our advice to consumers

If you have bought any of the above products and have an allergy to peanuts, do not eat them. Instead return them to the store from where they were bought for a full refund.

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
