

McGees recalls Steak Burgers because of undeclared allergens

McGees is recalling McGees Steak Burgers because the product contains soya, sulphites and wheat (gluten) which are not declared on the label. This means the product is a possible health risk for anyone with an allergy to soya and/or a sensitivity to sulphur dioxide or sulphites and/or an allergy or intolerance to wheat or gluten or with coeliac disease. This product is sold in ASDA stores in Northern Ireland only.

Our advice to consumers

If you have bought the above product and have an allergy to soya and/or a sensitivity to sulphur dioxide or sulphites and/or an allergy or intolerance to wheat or gluten and/or coeliac disease, do not eat it. Instead return it to the store from where it was bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers

because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
