

# Unisnacks Europe Ltd recalls Orion Turtle Chips because of undeclared allergens

Unisnacks Europe Ltd are recalling Orion Turtle Chips Sweetcorn Flavour because of undeclared milk, soya and wheat (gluten) which are not mentioned on the label. This means the product is a possible health risk for anyone with an allergy or intolerance to milk or milk constituents, and/or an allergy to soya and/or an allergy or intolerance to wheat or gluten, or with coeliac disease.

## Product details

**name:** Orion Turtle Chips Sweetcorn Flavour

Pack size	80g
Best before	10 April 2025 and 24 April 2025

## Risk statement

**Allergen(s):** Milk, soya and wheat (gluten)

This product contains milk, soya, and wheat (gluten), making it a possible health risk for anyone with an allergy or intolerance to milk or milk constituents, and/or an allergy to soya and/or an allergy or intolerance to wheat or gluten, or with coeliac disease.

## Action taken by the company

Unisnacks Europe Ltd is recalling the above product from customers and has contacted the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

## Our advice to consumers

If you have bought the above product and have an allergy or intolerance to milk, soya, and wheat (gluten) or coeliac disease do not eat it. Instead return it to the store from where it was bought for a full refund. For more information, please contact Unisnacks Europe Ltd on 0800 195 6438 or [contactus@unisnacks.co.uk](mailto:contactus@unisnacks.co.uk)

## About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
