Our advice to consumers

If you have bought any of the above products do not eat them. Instead, return it to the store from where it was bought for a full refund or alternatively, email a photo of the product packaging clearly showing the batch code information printed on the inner bag of the products to customerservices@sfcwholesale.co.uk for a refund and then safely dispose of the product at home.

About product recalls and withdrawals

If there is a problem with a food product that means it should not be sold, then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). The FSA issues Product Withdrawal Information Notices and Product Recall Information Notices to let consumers and local authorities know about problems associated with food. In some cases, a 'Food Alert for Action' is issued. This provides local authorities with details of specific action to be taken on behalf of consumers.
