

Tesco recalls Tesco Tzatziki because of undeclared egg

Tesco is recalling Tesco Tzatziki because it contains egg which is not mentioned on the label. Due to a packaging error, some of the packs contain Sour Cream and Chive Dip. This means the product is a possible health risk for anyone with an allergy or intolerance to egg.

Product details

Tesco Tzatziki

Pack size	200g
Use by	12 April 2021
Allergens	Egg

Risk statement

Allergen(s): Egg

This product contains egg making it a possible health risk for anyone with an allergy or intolerance to egg.

Action taken by the company

Tesco is recalling the above product from customers and will be contacting the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a recall notice to its customers. These notices explain to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

Our advice to consumers

If you have bought the above product and have an allergy or intolerance to egg do not eat it. Instead return it to the store from where it was bought for a full refund.

About allergy alerts

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
