

# Everfresh Natural Foods recalls Everfresh Sprouted Stem Ginger Cake because of undeclared pecans (nuts)

Everfresh Natural Foods is recalling Everfresh Sprouted Stem Ginger Cake because some packs contain pecans (nuts) which are not mentioned on the label. This means the product is a possible health risk for anyone with an allergy to pecans (nuts).

## Product details

### Everfresh Sprouted Stem Ginger Cake

<b>Pack size</b>	350g
<b>Batch code</b>	2833
<b>Best before</b>	17 October 2022

## Risk statement

**Allergen(s):** Pecans (nuts)

This product contains pecans (nuts), making it a possible health risk for anyone with an allergy to pecans (nuts).

## Action taken by the company

Everfresh Natural Foods is recalling the above product from customers and has contacted the relevant allergy support organisations, which will tell their members about the recall. The company has also issued a point-of-sale notice to its customers. This notice explains to customers why the product is being recalled and tell them what to do if they have bought the product. Please see the attached notice.

## Our advice to consumers

If you have bought the above product and have an allergy to pecans (nuts), do not eat it. Instead, return it to the store from where it was bought for a full refund. For more information contact Everfresh at bakery@everfreshnaturalfoods.com or phone 01452 687088.

## **About allergy alerts**

Sometimes there will be a problem with a food product that means it should not be sold. Then it might be 'withdrawn' (taken off the shelves) or 'recalled' (when customers are asked to return the product). Sometimes foods have to be withdrawn or recalled if there is a risk to consumers because the allergy labelling is missing or incorrect or if there is any other food allergy risk. When there is a food allergy risk, the FSA will issue an Allergy Alert.
